MESSAGE TO ALL HUNTERS:

- Please be careful, discrete and considerate around other park visitors. Understand that many park patrons are NOT hunters and some may feel threatened by your presence.
- Please immediately report any medical emergencies by calling 911. Report non-emergency accidents or violations of any hunting laws, rules or regulations to a park ranger or the park office.
- By hunting in this park, you are a vital part of our “deer management team.” White-tail deer have been shown to ecologically damage their habitat when they reach 20 deer per square mile. In the majority of our parks, the deer herds have much greater densities than this.
- Your harvest information is very important to us. Please submit your data accurately. Have a safe and successful hunt.
